Autism Solutions offers a multitude of services to individuals with Autism Spectrum Disorder, their families, and community providers to enhance the lives of children and adults on the Autism Spectrum. Autism Solutions provides an individualized approach, tailored to each family or agency’s needs. Dr. Carolyn Bruey, as the Supervisor of Autism Solutions, brings a wealth of experience regarding evidence-based strategies to facilitate positive change.

Individualized approaches to bring about individualized success.

Family Services

An autism diagnosis affects the whole family, which is why Autism Solutions provides a unique, personalized treatment approach that suits each family’s needs. After an initial consultation with Dr. Bruey, a personalized treatment plan will be created and implemented.

Services include:

1. Diagnostic Evaluations
2. Individual Therapy
3. Family Therapy
4. Behavioral Consultation

Age Range: Children and adults of all ages can be referred for services.

Availability: Appointments can often be scheduled within a couple of weeks of your first contact with our staff.

Payment: In accordance with the PA Autism Insurance Act, many services can be reimbursed by the family’s insurance carrier. We are in network for multiple insurance companies, including Medical Assistance (MA).
Services for Agencies

Community agencies and school districts seeking to provide the most cutting-edge strategies for children and adults on the Autism Spectrum can benefit from Autism Solutions. Supplemental contracted services include:

- Staff Development Presentations
- On-site Programmatic Consultation
- Diagnostic Evaluations
- Participation in Planning Meetings
- Behavioral Support

Agencies can receive a discounted hourly rate when they guarantee a designated minimum number of contracted service hours.

Meet Our Team!

Yolanda Larson, LPC

Yolanda Larson is a Licensed Professional Counselor who enjoys working with children, adolescents, adults, and families. Her clinical focus includes children with Autism and the myriad of behaviors that may encompass this diagnosis such as anger/explosive behavior, ODD, ADHD, Anxiety, Depression, OCD, etc. Her clientele primarily seeks strategies and therapeutic interventions for emotional regulation, non-compliance/defiance, conflict resolution, impulse control, executive functioning, low self-esteem, social skills, self-sufficiency, time management, academic concerns, and family/relationship conflict.

Julianna Brim, M.Ed., BCBA, LBS

Julianna Brim is a Board Certified Behavior Analyst and a Licensed Behavior Specialist. She has 20 years of experience working with children and adults with developmental disabilities and mental health disorders in both a professional and volunteer capacity. In her work as a Behavior Analyst, her main focus has been with individuals with communication needs. Julianna helps by providing assessment and skill development, and working with individuals displaying problem behaviors. Julianna is passionate about disseminating Applied Behavior Analysis (ABA) through her work with teams, professional training, supervision of future behavioral clinicians, and showing the value of ABA through individual successes with clients.
