## SCHOOL COUNSELING SERVICES

The IU13 elementary and secondary school counselors are educational specialists who support students in academic, social, and career domains. They are also involved with college/career planning, crisis intervention, and developmental programs. The counselor works as part of a team with teachers, administrators, parents/guardians, and other stakeholders within the school community. Counselors meet with students individually, in small groups, and in classroom settings.

## ELEMENTARY SCHOOL COUNSELING
