Are you a musician who wants to learn more about performing, songwriting, creating music, and more? Would you like to explore the musical complexity that comes with rhythmic syncopation - the layering of parts, the implied music theory, the group feel and the human interaction and cooperation behind it all? If so, this energetic, interactive camp is perfect for you! **Steven Courtney** ([stevencourtney.com](http://stevencourtney.com)) is a performing songwriter who has experienced multiple areas of success. Partnering with IU13 to provide SEE Seminars for advanced/gifted learners, Steven has shared his passion for music and life with students from elementary to high school.

During this camp, students will be encouraged to collaborate with Steven to create, perform and record original compositions. Together, they will explore improvisational techniques, vocal melodies and various forms of percussion, and sparse instrumentation techniques - all while sharing their newfound love of working together as a team. If you are someone who loves language and enjoys music, this summer camp will be a unique opportunity to learn from an accomplished musician, performer and recording artist.

*Throughout his on-going career, **Steven Courtney** has performed over 6,100 concerts to date, recorded 30 full-length albums, and received numerous awards including: the **2016 Parents Choice Gold Award** for the *Sunflower Road* album, the **2014 Parents Choice Silver Award** for the *Sun Hill Market* album, the **2012 Parents Choice Recommended Award** for the *Million Smiles To Go* album, 7 Children's Music Web Awards and the **Arpeggio Award** for "Outstanding Work with Children" through the Arts. Steven has also produced four concert-length performance videos and an award-winning Children's TV series.*

**IU13** offers challenge, learning, and fun through its summer enrichment camps. Each camp is set up as an enrichment opportunity that requires teamwork, flexibility, and social interaction on the part of campers. Challenging concepts are explored in fun, interactive ways. Parents **LOVE** that their children meet new friends, enjoy hands-on learning, and have a great time!
