

# Preparing Lebanon Youth for Career Success

## For In-School Youth

The In-School Youth Programs provides a variety of career exploration opportunities for Lebanon County high school students (age 14-18). Services include paid internships where students will be part of a work crew of approximately six students supervised by a job trainer and travel to local businesses which partner with the program to provide valuable work experiences. Students also have the opportunity to participate in weeklong summer camps at Harrisburg University for career exploration. Plus, CNA certification training is available.

These programs strive to help individuals develop numerous job-related skills including:

- Job interviewing
- Developing work references
- Resume building
- Socially responsible behavior
- Interpersonal skills
- Making appropriate decisions
- Remedial training

### Eligibility Requirements Include:

- Age 14-18
- Lebanon County resident
- Meeting individual income eligibility guidelines and a barrier to employment
- Pleasant attitude
- Good school attendance
- Ability to follow directions

All applicants will go through an interview, and students will be chosen based on that interview and the financial requirements. Please contact us for specific requirements and how to apply.
