

Behavioral Health and School Safety

Service: Student Assistance and Behavioral Health Support Assessments

Who we serve: School Districts, Vocational-Technical Schools, Charter Schools, Intermediate Units

Focus of service: Strategic assessment of a school entity's behavioral health supports, including the availability of Student Assistance Programs, behavioral health supports, and related policies and trainings to identify potential safety and security threats. Assessments are conducted utilizing the School Safety and Security Committee (SSSC) criteria and are performed by Susan Billy M.Ed., who is a Pennsylvania Commission on Crime and Delinquency (PCCD) approved assessor and Manager of Behavioral Health Support Services at IU13.

Location: On-site at your school/district
