

IU13 Curriculum and Instruction

Professional Learning Communities (PLC) Meetings 2021-22

PURPOSE

The purpose of the PLC Meetings is to give subject educators an opportunity to:

- Engage in discussions about discipline-specific best practices in remote or blended learning environments.
- Stay informed of the most current information from the PDE and professional organizations, and share that information with colleagues in their school or district.
- Engage in collegial professional development activities for the purpose of building their own capacity to strengthen standards-aligned systems at the classroom, building, and district levels.
- Serve as a collaborative resource for regional professional development activities.
- Network and engage in collegial dialogue with other “job-alike” professionals.

Elementary STEM (4:00 – 6:00)	K-12 Science (4:00 – 6:00)	K-12 Technology & Engineering (4:00 – 6:00)
