

ENRICHED VIRTUAL FORUM

2021-2022 School Year

The purpose of the Enriched Virtual Forum (EVF) is to support district cyber academies and to develop high-quality course content to supplement and enrich current district virtual programs. Meeting topics will include the National Standards for Quality Online Courses, Quality Matters partnership for use of rubric and review process, Accessibility and WCAG compliance, using LLVS Accelerate Ed content in Schoology/Canvas, and using open-educational resources (OER) and other instructional online content in Schoology/Canvas. School districts will be asked to organize a course development and review committee which will begin to develop an action plan as part of their participation in the Enriched Virtual Forum. Future meetings will focus on participant needs and professional development to support K-12 virtual learning and online course development.
