Here's what teachers are doing..

Name of Course / Activity	Grant / OTDA Goals for Each Course	What have you accomplished so far with your grant?	What are you hoping to accomplish in the second half of the grant year?
9th Grade Health	Lessons from the toolkit will be implemented into the OTDA Mini-Unit of this required semester course.	The Ninth Grade Health Department embedded an OTDA mini-unit into their semester curriculum. Ninth grade Health is a semester course that runs in the Fall and Spring, so the department taught the unit already.	The Ninth Grade Health Department will teach another OTDA mini-unit in the Spring.
Social Studies: Current Events	Information from the toolkit will be used to develop questions for the monthly Social Studies Current Events Challenge. There will be a special OTDA category. This monthly event is a student favorite!	The Social Studies Department has included an OTDA category into their monthly Current Events Challenges. Each category has 10-15 questions.	The Social Studies Department will continue to include an OTDA category in their Current Events Challenges.
Driver's Education: In Class	Lessons from the toolkit will be implemented into 3-days of this 18-week course.	Implemented OTDA lesson into Driver's Licenses lesson.	Will continue to implement OTDA lessons into course as they align to content.
Wood Tech	The toolkit will be used to create an introduction to this extension activity.	Developed a plan and pattern for making a second OTDA game.	Will make Organ Toss Game in 2nd Semester.
2D Art	Lessons and information from this toolkit will be shared with students so that they can create informational marketing materials for OTDA.	Discussed ideas for facilitating OTDA t-shirt and poster design contest.	Will run OTDA contests in the Spring.
Theater	Lessons and information from this toolkit will be shared with students so that they know the facts of OTDA for their Issue Play.	Due to low enrollment this class did not run.	N/A
