Do you enjoy all kinds of music? Would you like to explore how to put thoughts and ideas together to create lyrics or music that can be enjoyed by others? Would you like to know more about how music is recorded and produced? Does music help you learn new material or study more effectively? If your answer is yes to these questions, this enrichment experience is for you! **Alex Colon**, Hip-Hop Teaching Artist/Producer is coming to offer a look at hip-hop culture firsthand. You will be able to learn and apply skills in songwriting, recording, audio editing, and performing arts. We will discuss a brief history of hip-hop and also look at careers available in the music industry.

**Presenter: Alex Colon** is a Hip Hop artist/producer and Philadelphia Chapter Recording Academy voting member. His 2021 single, "Lost Angeles", was up for Grammy consideration. He is also the CEO of RE Productions LLC (The Ripple Effect), an event production company tailored to breaking independent music artists. Within this company, he has established the "Ripple Recording Program" in the School District of Lancaster as well as The Mix - both in school and after school. Alex continues to be a key player within Lancaster City's community, curating Central PA's biggest donation-based music fest - Giveback Music Festival & Conference. Alongside a team of creatives from both Florida and Pennsylvania, Alex embarks on a journey to help artists find their passions and cultivate community through creative freedom and opportunity.

### What to Bring/Wear:

- Lunch, drink, and filled water bottle. IU13 will provide a light snack.
- Room might be chilly due to AC - a sweater/sweatshirt is recommended.
