

IU13 CLASS RECEIVES HONORABLE MENTION

Ms. Schneiders' class participated in the PA Invention Convention Competition

Congratulations to the IU13 class at Providence Elementary School in Solanco School District. The class, led by IU13 teacher Lindsey Schneider, competed in the PA Invention Convention Competition this year at the Hershey Lodge with other elementary classes throughout PA. They received an Honorable Mention for their innovative invention of a Wheelchair Tray Holder.

The class worked collaboratively to make key decisions regarding size, materials, and target audience. They actively built small prototypes, measured PVC pipes, and assembled the wheelchair tray holder.
