

# Lancaster-Lebanon K'NEX STEM Design Challenge

The Lancaster-Lebanon IU13 **K'NEX STEM Design Challenge** raises awareness of the importance of science, technology, engineering, and mathematics education. Students in grades 4 & 5 participate in an exciting competition where they are tasked with designing, developing, and implementing a solution to an engineering problem. Students present their finished product to a panel of judges and are scored on creativity, teamwork, and the success of the challenge. For more information, including the 2024 Design Challenge, please visit the [K'NEX STEM Design Challenge page](#) on the IU13 website.
