Sanchez](#) and IU13 staff at Lancaster County Park's Pavilion #11 and learn survival skills in the wilds of Lancaster County. The important things in a survival situation are food, water, shelter, and fire; we will explore all of these. As part of a team, you will have the opportunity to build a shelter and a fire. You will also gather food and water from a variety of locations in the woods and learn if it would be safe to eat in a survival situation. You will also practice the vital skills of teamwork, problem-solving, and collaboration! To have a great day outside, please dress for the weather and bring a water bottle. Arrive ready to meet new people and work effectively to face challenges as they are presented.
