THANK YOU FOR YOUR SUPPORT!

Collaboration is the cornerstone of the work done at IU13. Whether it is collaborating with a student to develop a new learning strategy, collaborating with a teacher on an innovative science lesson, collaborating with a school to increase safety and security, or collaborating with local districts to purchase energy at a reduced rate – collaboration is the foundation for success. Thank you for your willingness to partner with IU13 on the initiatives listed in this chart. Without your support and collaboration, this work could not reach the many children, families, teachers, and schools that benefit from it. For additional information about this Collaborative Efforts Chart, please contact the IU13 Corporate Communications Office at 717-606-1702.
