

Lancaster-Lebanon Middle School Chess Team Tournament

This tournament is designed to introduce middle school students, **grades 6-8**, to a formal, yet relaxed, tournament setting. Participants meet students from varying grade levels and schools as they compete in a game they love. Skill levels vary, but students should be able to understand the game and be ready to play four rounds of chess with opponents from public and nonpublic schools. Supporting chess documents, including rules used for this event, are available on the [IU13 website](#). **NOTES:** Since this is a beginners' event, it will not be USCF rated, and chess clocks will not be used. Chess notation will be optional.
